

Partnerships for Environmental Public Health

Strengthening a Dynamic Environmental Public Health Network for Tomorrow: Advancing Science through Critical Reflection

Welcome & Introductions

National Institutes of Health
March 7 & 8, 2012

Setting the Context

- 1:00-1:30 Welcome
- 1:30-2:30 Community Engaged Research
- 2:30-3:45 State of the Science
- 4:00-5:30 Breakout Session #1
 - Communication
 - Research Translation
 - Capacity Building

Objectives

- **Promote interactions** among grantees from across different grant programs
- **Facilitate** group learning that can be applied to ongoing projects
- **Advance** our common understanding of PEPH mission and goals
- **Share and learn** from past experiences
- **Enhance** the capacity of participants in PEPH-related areas
- **Identify next steps** for grantees and NIEHS to advance scientific approaches

PEPH Highlights

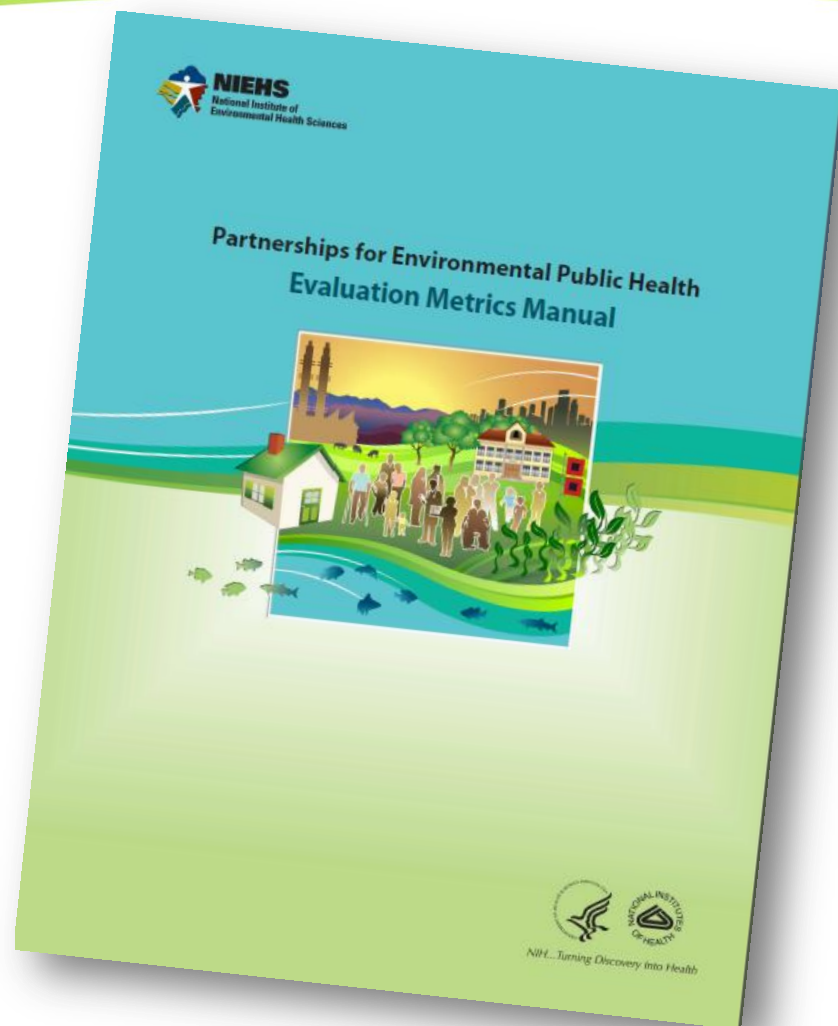

- PEPH Evaluation Metrics Manual
- Resource Center
- PEPH Workshops
- Webinar Series
- E-Newsletter

Evaluation Metrics Manual

- Finalized March 1st!
- Participatory process
- Available on-line & on your thumb drives
- Training materials in development

PEPH Resource Center

Partnerships for Environmental Public Health Resource Center

A⁺ A⁻ 🗲

Welcome, Liam

The purpose of the PEPH Resource Center is to facilitate entry, management, viewing, and publishing of educational and outreach materials created by NIEHS grantees under the PEPH umbrella. The PEPH Resource Center will also foster sharing and exchange of materials, which should reduce the duplication of efforts, and promote the advancement of new communication strategies.

Welcome, Liam

The purpose of the PEPH Resource Center is to maximize the impact of materials developed by the NIEHS grantees under the PEPH Umbrella. The PEPH Resource Center is a place for the management, viewing, and publishing of outreach materials created by NIEHS grantees. The PEPH Resource Center is a place for the management, viewing, and publishing of outreach materials created by NIEHS grantees. The PEPH Resource Center is a place for the management, viewing, and publishing of outreach materials created by NIEHS grantees.

PEPH Resource Center Material Requirements Updated!

The purpose of the PEPH Resource Center is to maximize the impact of materials developed by the NIEHS grantees under the PEPH Umbrella by providing an easy-to-use tool to submit and find materials.

The success of the PEPH Resource Center depends on grantee submissions of materials.

While the Material Requirements are intended to ensure that all materials in the Resource Center are up-to-date and based on currently accepted research, conversations with grantees have shown us that some of the material requirements are unnecessarily restrictive for the intended purpose of the Resource Center. In response to these comments, we have removed the requirements that all materials (1) identify the NIEHS funding source and (2) include the author's name and contact information.

As always, if you have any questions about the Resource Center, feel free to contact Lynn Albert (albert2@niehs.nih.gov; 919-794-4709).

Hot Off the Presses

In Small Doses: Arsenic

"In Small Doses: Arsenic" is a short film about the risks associated with exposure to potentially harmful amounts of arsenic in private well water.

Title	Can We Talk: Achieving Better Results by Working with Communities
Abstract Contents	This twenty minute peer-to-peer training video features experienced government employees and community activists describing strategies for effectively involving communities in environmental hazard and health issues. This video was designed to help prepare government employees to effectively involve the public in their decision making. The video was created in partnership with the UNC Center for Environmental Health and Susceptibility, the UNC Superfund Research Program and the Department of Health Behavior and Health Education in the UNC-CH Gillings School of Global Public Health.
Institution	University of North Carolina at Chapel Hill
Author	Kathleen Gray; Neasha Graves; Brennan Bouma; Carolyn Crump
RC Publication Date	August 1, 2011
